## Undergraduate Requirements

**Note:** This section is preloaded from the prior year's IPRC.

1. Are there initial teacher certification programs at the undergraduate level?

- ☒ Yes  
☐ No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or [clear responses already entered](#)) then click save at the bottom of the page.

| Element                                                                 | Admission                                                     | Completion                                                    |
|-------------------------------------------------------------------------|---------------------------------------------------------------|---------------------------------------------------------------|
| Transcript                                                              | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Fingerprint check                                                       | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Background check                                                        | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Minimum number of courses/credits/semester hours completed              | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Minimum GPA                                                             | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Minimum GPA in content area coursework                                  | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Minimum GPA in professional education coursework                        | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Minimum ACT score                                                       | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Minimum SAT score                                                       | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Minimum basic skills test score                                         | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |

| Essay or personal statement   | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Interview                     | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Other Specify:<br><div></div> | <input type="radio"/> Yes <input type="radio"/> No            | <input type="radio"/> Yes <input type="radio"/> No            |

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

4. Please provide any additional information about the information provided above:

Section 3E: The rule of “no grade less than C in professional education courses.” Candidates may have no grade less than C in any course defined in the program as being a part of the professional education component. Any professional education grades less than C must be retaken prior to the final clinical experience, e.g., student teaching. Section 3E.1: Special case of the rule “no grade less than C” for the Elementary Education Undergraduate Program. In addition to the rule in Section 3E, candidates in the Elementary Education Program must earn no grade less than “C” in both University of Kentucky Undergraduate Bulletin headings of Program Related Studies and Professional Education Requirements. In most cases, the UK rules on GPA do not specify that candidates enter or exit the program with minimum GPAs in the content area. However, the following rules from UK’s Admission/Retention/Exit Policy do recognize the importance of content area proficiency as measured by GPA. Section 3F: Special GPA Rule requiring a 2.75 GPA in program sub areas Some programs require that candidates earn and maintain a 2.75 GPA in the majors, minors, support areas, and professional education course sequences as specified in the program curriculum description as approved by the UK Senate. The application of this rule means that candidates must demonstrate these 2.75 GPAs at the time of admission, retention, and completion of the program. Sec 3F.1 Programs that the use of this special GPA rule are as follows: 1. All STEM education initial preparation programs, e.g., Mathematics Education, Science Education (all areas) and Computer Science Education.

## Postgraduate Requirements

**Note:** This section is preloaded from the prior year’s IPRC.

1. Are there initial teacher certification programs at the postgraduate level?

☒ Yes
 ☐ No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the postgraduate level. If no, leave the table below blank (or [clear responses already entered](#)) then click save at the bottom of the page.

| Element                                                    | Admission                                                     | Completion                                                    |
|------------------------------------------------------------|---------------------------------------------------------------|---------------------------------------------------------------|
| Transcript                                                 | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Fingerprint check                                          | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Background check                                           | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |

| Recommendation(s)                                                       | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Essay or personal statement                                             | <input type="radio"/> Yes <input checked="" type="radio"/> No | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| Interview                                                               | <input checked="" type="radio"/> Yes <input type="radio"/> No | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Other Specify:<br><div></div>                                           | <input type="radio"/> Yes <input type="radio"/> No            | <input type="radio"/> Yes <input type="radio"/> No            |

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

2.75

4. Please provide any additional information about the information provided above:

The same rules apply for post graduate educator preparation programs at UK as do for the UG programs.

## Supervised Clinical Experience

**Note:** The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of participants each year.

Provide the following information about supervised clinical experience in 2020-21. ([§205\(a\)\(1\)\(C\)\(iii\)](#), [§205\(a\)\(1\)\(C\)\(iv\)](#))

Are there programs with student teaching models?

- ☒ Yes
- ☐ No

If yes, provide the next two responses. If no, leave them blank.

### Programs with student teaching models (most traditional programs)

Number of clock hours of supervised clinical experience required prior to student teaching

233

Programs with student teaching models (most traditional programs)

Number of clock hours required for student teaching

455

Are there programs in which candidates are the teacher of record?

- ☐ Yes
- ☒ No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom

Years required of teaching as the teacher of record in a classroom

All Programs

Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)

28

[Optional tool](#) for automatically calculating full-time equivalent faculty in the system

Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)

17

Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year

555

Number of students in supervised clinical experience during this academic year

512

Please provide any additional information about or descriptions of the supervised clinical experiences:

# Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

**(§205(a)(1)(C)(ii))**

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Enrolled Student](#)
- [Program Completer](#)

## Enrollment and Program Completers

| 2020-21 Total                        |     |
|--------------------------------------|-----|
| Total Number of Individuals Enrolled | 757 |
| Subset of Program Completers         | 212 |

| Gender                                    | Total Enrolled | Subset of Program Completers |
|-------------------------------------------|----------------|------------------------------|
| Male                                      | 157            | 39                           |
| Female                                    | 596            | 173                          |
| Non-Binary/Other                          | 0              | 0                            |
| No Gender Reported                        | 4              | 0                            |
| Race/Ethnicity                            | Total Enrolled | Subset of Program Completers |
| American Indian or Alaska Native          | 1              | 0                            |
| Asian                                     | 4              | 0                            |
| Black or African American                 | 29             | 8                            |
| Hispanic/Latino of any race               | 15             | 4                            |
| Native Hawaiian or Other Pacific Islander | 0              | 0                            |
| White                                     | 636            | 186                          |

| Race/Ethnicity             | Total Enrolled | Subset of Program Completers |
|----------------------------|----------------|------------------------------|
| Two or more races          | 8              | 2                            |
| No Race/Ethnicity Reported | 63             | 12                           |

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

THIS PAGE INCLUDES:

>> Teachers Prepared by Subject Area

>> Teachers Prepared by Academic Major

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

### What are CIP Codes?

☐ No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

| CIP Code | Subject Area                          | Number Prepared |
|----------|---------------------------------------|-----------------|
| 13.10    | Teacher Education - Special Education | <div>34</div>   |

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

### What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

- ☒ Yes
- ☐ No

☐ No teachers prepared in academic year 2020-21

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or [clear responses already entered](#)).

| CIP Code | Academic Major                                                       | Number Prepared                 |
|----------|----------------------------------------------------------------------|---------------------------------|

# Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances.  [\(§205\(a\)\(1\)\(A\)\(iii\); §206\(b\)\)](#)

## Program Assurances

**Note:** This section is preloaded from the prior year's IPRC.

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- ☒ Yes
- ☐ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- ☒ Yes
- ☐ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- ☒ Yes
- ☐ No
- ☐ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- ☒ Yes
- ☐ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- ☒ Yes
- ☐ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- ☒ Yes
- ☐ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- ☒ Yes
- ☐ No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

1. UK's model for Clinical Practices and School Partnerships ensures that all students have an opportunity to engage P12 education in diverse settings, including urban, town, and rural, and at all three levels. Candidates are required to account for their work in all required settings. 2. All UK regular education candidates are required to complete at least 6 hours coursework related to special education that prepares them to work effectively with special needs children. Candidates learn to identify current practices of meeting the needs of exceptional learners, including evaluation, identification, placement issues, and teacher's roles, and learn to identify primary characteristics of each category of disability and describe its impacts on learning. 3. UK has developed an extensive survey to probe the responses to its EPP programs from completers and employers. This survey is systematically shared with the program faculties. 4. UK makes use of the Higher Education Feedback Report provided by the Kentucky Center on Education and

Workforce Statistics. This report provides UK with a wide range of information, including information related to the districts where candidates are employed. 5. All of the UK Educator Preparation Programs are clinically based, and require candidates to complete at least two hundred hours of field experiences. All field experiences are tagged by a variety of characteristics of the learners encountered in the field experiences, and candidates engage in ongoing reflections of the relationship of practice to characteristics of schools and learners. 6. Each EPP at UK is governed by a Program Faculty, which is made up of professional educators, content specialists, cooperating teachers, administrators and students. The Program Faculties are responsible for all aspects of program management, assessment, and development. Because each faculty includes partners from cooperating schools and school districts, each preparation program is grounded in the issues of importance in the schools. 7. The UK College of Education maintains a website with extensive documentation of each educator preparation program. This documentation includes syllabi, information about faculty, documentation of required assessments, documentation of the use of data for program improvement, documentation of the program clinical model, and other information. This website is designed to ensure active development of each program. 8. EPPs at the University of Kentucky all utilize the Unit's Online Portfolio Management System (OTIS). The OTIS system is accessed by candidates, professors, advisors, and P12 partners as a mechanism to ensure that candidates are making progress towards achieving all of the standards sets required for effective practice as a beginning teacher. OTIS provides a transparent mechanism by which to evaluate how well candidates are achieving the many goals of the program. 9. Each EPP makes provision for candidates to have opportunities to work with students, families, and community in low income environments. In addition to the above activities, UK has also taken the following steps to demonstrate compliance with the required assurances. 10. As part of our process of preparing for accreditation, all programs now submit an Accreditation Syllabus for every professional education course. A key component is for each of our initial preparation programs identify those courses that ensure that regular education teachers are prepared to deal with special needs students and their parents, and special education teachers are prepared to deal with core academic standards. Programs also review the success of their efforts on an annual basis. 11. All initial preparation programs must address both two core sets of standards (Kentucky Teacher Performance Standards, International Literacy Association Standards) and their related SPA standards. All programs must provide their candidates with opportunities to become proficient with research, methods and materials to help all P12 students address the literacy components of their individual disciplines. 12. The EPP unit has also adopted a cross cutting theme related to diversity, including students with special needs students, and this theme is addressed in all of the EPP's unit wide assessments. 13. There has been a complete redesign of course work and activities to address the International Literacy Association standards which focuses specifically on meeting the needs of all students for training with discipline specific literacy practices. 14. All EPP coursework, assessments, and portfolio reviews include attention to candidates ability to meet the needs of special needs students.

# Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

**Note:** Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

## Report Progress on Last Year's Goal (2020-21)

### 1. Did your program prepare teachers in mathematics in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

### 2. Describe your goal.

The goal for 2020-21 is nine new mathematics teachers. A lot of recruitment efforts have been made this academic year. In the spring of 2020 we did a YouTube Live event, made phone calls to prospective students, and held a virtual open house. In the fall of 2020 I created a survey for HS math teachers to fill out and nominate HS juniors and seniors who would make great math teachers. I emailed each student personally and invited them to the program. I also created a survey for teachers to post in their virtual classrooms where students can self nominate. We also held another YouTube Live event in November. In the spring of 2021 we did another phone call campaign where we called all admitted (but not confirmed) students and also wrote post cards as well. I opened up my SEM 345 class for any interested student in the nation to attend a TEP methods course and then conducted a Q&A afterwards for the prospective students who came. Our department also got SEM 343 approved, Gaming in STEM Education, which we plan to use as a recruitment tool for our programs starting in the fall of 2021.

### 3. Did your program meet the goal?

- ☒ Yes
- ☐ No

### 4. Description of strategies used to achieve goal, if applicable:

We graduated 12 secondary math education students this year, 9 from the STEM Plus Program and 3 from the MAT program. A lot of recruitment efforts have been made this academic year. In the spring of 2020 we did a YouTube Live event, made phone calls to prospective students, and held a virtual open house. In the fall of 2020, Dr. Amick created a survey for HS math teachers to fill out and nominate HS juniors and seniors who would make great math teachers and she emailed each student personally and invited them to the program. Dr. Amick also created a survey for high school teachers to post in their virtual classrooms where students can self nominate. We also held another YouTube Live event in November. In the spring of 2021 we did

another phone call campaign where we called all admitted (but not confirmed) students and also wrote postcards as well. Dr. Amick opened up her SEM 345 class for any interested student in the nation to attend a TEP methods course and then conducted a Q&A afterwards for the prospective students who came. Our department also got SEM 343 approved, Gaming in STEM Education, and offered it for the first time in Fall 2021. Dr. Fisher continues to build relationships with advisors at primarily undergraduate serving institutions (i.e. Transy, Centre) and is using those connections to recruit their new STEM content graduates for the MAT program. Dr. Fisher also conducts an email campaign each year where she personally contacts upcoming STEM content graduates at UK to see if they have considered teaching as a career and to recruit them for our program.

**5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

We plan to continue with surface level recruitment efforts as described above, but also hope to establish programmatic recruitment systems that will help us recruit (alternative cert pathways, AmeriCorps options, etc.) and retain (PRIME-D NIC) our students.

**6. Provide any additional comments, exceptions and explanations below:**

Beyond the scope of our program recruiting strategies, we are encouraging our upper administration to campaign for university and state-wide reform in teacher education in order to make the teaching career more appealing. One of the top requests is a possible reduction in tuition for teaching careers.

## Review Current Year's Goal (2021-22)

**7. Is your program preparing teachers in mathematics in 2021-22? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**8. Describe your goal.**

The main goal for 2021-2022 is to continue our focus on recruitment and retention. We plan to add 7 new math teachers in 2020-2021. A secondary goal of 2021-2022 is helping students get past the hurdle of what they are learning in class (research) and what they are seeing in the classroom (practice).

## Set Next Year's Goal (2022-23)

**9. Will your program prepare teachers in mathematics in 2022-23? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**10. Describe your goal.**

The main goal for 2021-2022 was to continue our focus on recruitment and retention. We would like to update this for 2022-2023 by being more specific and we hope to consistently graduate 10-12 secondary mathematics teachers each year. A secondary goal of 2021-2022 was helping students get past the hurdle of what they are learning in class (research) and what they are seeing in the classroom (practice). To update this for 2022-2023 in more specific terms, we aim to have at least half of our graduates retained in the PrimeD NIC program, which is a way for us to continue to mentor and encourage research-based practices.

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

**Note:** Last year’s goal and the current year’s goal are preloaded from the prior year’s IPRC.

## Report Progress on Last Year’s Goal (2020-21)

1. Did your program prepare teachers in science in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

☒ Yes

☐ No

2. Describe your goal.

The goal is to prepare a minimum of four new science teachers in 20-21. For our recruiting effort in this time period – we conducted YouTube Live question/answer session; phoned incoming students, recruited in STEM classes. We had meetings/discussions with undergrad/grad advisors and program Education, Arts & Sciences, and Engineering faculty about our programs and how to recruit for our programs. We synergistically utilize our NSF Noyce and REU grants to recruit into our programs (both for STEM Plus and for the MAT STEM). Along with a phone campaign, we also are employing a postcard writing campaign to potential students. Another effort that finally seems to be paying off is meeting with faculty at other institutions that do not have graduate programs leading toward certification. We are beginning to see a pipeline of Transylvania students applying to our STEM programs.

3. Did your program meet the goal?

☒ Yes

☐ No

4. Description of strategies used to achieve goal, if applicable:

We have put a lot of recruitment effort this academic year. We conducted a YouTube Live question/answer session; phoned incoming students, recruited in STEM classes. We had meetings/discussions with undergrad/grad advisors and program Education, Arts & Sciences, and Engineering faculty about our programs and how to recruit for our programs. We synergistically utilize our NSF Noyce and REU grants to recruit into our programs (both for STEM Plus and for the MAT STEM). Along with a phone campaign, we also are employing a postcard writing campaign to potential students. Another effort that finally seems to be paying off is meeting with faculty at other institutions that do not have graduate programs leading toward certification. We are beginning to see a pipeline of Transylvania students applying to our STEM programs.

We plan to continue with the recruitment efforts as described above, but also hope to establish programmatic recruitment systems that will help us recruit and retain our students.

**6. Provide any additional comments, exceptions and explanations below:**

Beyond the scope of our program recruiting strategies, we are encouraging our upper administration to campaign for university and state-wide reform in teacher education in order to make the teaching career more appealing. One of the top requests is a possible reduction in tuition for teaching careers.

## Review Current Year's Goal (2021-22)

**7. Is your program preparing teachers in science in 2021-22? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**8. Describe your goal.**

We plan to add four new Science teachers in 2021-2022.

## Set Next Year's Goal (2022-23)

**9. Will your program prepare teachers in science in 2022-23? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**10. Describe your goal.**

We plan to prepare a minimum of five new science teachers in 20-21 across the MAT and STEM PLUS program. We will help students get past the hurdle of what they are learning in class (research) and what they are seeing in the classroom (practice).

# Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

**Note:** Last year’s goal and the current year’s goal are preloaded from the prior year’s IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

THIS PAGE INCLUDES:

## Report Progress on Last Year’s Goal (2020-21)

1. Did your program prepare teachers in special education in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

The program intends to produce 34 certificates from the combined MSD and LBD program. There will be 17 persons and 17 MSD certified teachers and 17 LBD certified teachers. Two students are anticipated to graduate Fall 2021, and 15 students are anticipated to graduate Spring 2022.

3. Did your program meet the goal?

- ☒ Yes
- ☐ No

4. Description of strategies used to achieve goal, if applicable:

Our program has a rigorous application and interview process and we only accept the top 20-25 applicants each year. Our faculty serve as mentors for our students and we provide a minimum amount direct supervision for all students and more for students who need it to ensure they have the skills needed to be successful during student teaching

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We continue to admit 1-2 students who require more support than expected. We are currently evaluating benchmark university admissions procedures to see if ours needs to be changed to catch this prior to being admitted into our program.

6. Provide any additional comments, exceptions and explanations below:

n/a

## Review Current Year's Goal (2021-22)

7. Is your program preparing teachers in special education in 2021-22? If no, leave the next question blank.

☒ Yes

☐ No

8. Describe your goal.

The program intends to produce 34 certificates from the combined MSD and LBD program. There will be 17 persons and 17 MSD certified teachers and 17 LBD certified teachers. Two students are anticipated to graduate Fall 2021, and 15 students are anticipated to graduate Spring 2022. At this time, we are a very competitive program and only admit the top 20-25 students who apply each year. Our community cannot support more students than this with practicum and student teaching placements. We have 25 students who are on track to apply to the program for 2021-2022.

## Set Next Year's Goal (2022-23)

9. Will your program prepare teachers in special education in 2022-23? If no, leave the next question blank.

☒ Yes

☐ No

10. Describe your goal.

We will graduate all 14 students currently enrolled in our program in Spring 23. We will admit at least 12 students to our program in Fall 22

# Annual Goals: Instruction of Limited English Proficient Students

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(\\$205\(a\)\(1\) \(A\)\(i\), \\$205\(a\)\(1\)\(A\)\(ii\), \\$206\(a\)\)](#)

**Note:** Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

## Report Progress on Last Year's Goal (2020-21)

1. Did your program prepare teachers in instruction of limited English proficient students in 2020-21?

If no, leave remaining questions for 2020-21 blank (or [clear responses already entered](#)).

- ☒ Yes
- ☐ No

2. Describe your goal.

The program faculty in TESL is intending to add at least four certified TESL specialists during 2020-21. However, because the program will be a graduate level program including both the MA int TESL and also the teaching certification program, the current COVID-19 situation, which will affect all institutions of higher education, makes prediction of program participation uncertain. As of the time of writing this we can say that Bottom fell out when the pandemic struck. We are still trying to recover.

3. Did your program meet the goal?

- ☐ Yes
- ☒ No

4. Description of strategies used to achieve goal, if applicable:

Our strategies included: 1) continuing to serve the state of Kentucky by preparing local, qualified ESL teachers; 2) examining current program design in the wake of the pandemic in order to plan for future innovations, such as offering online programming.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Because the program will be a graduate-level program including both the MA in TESL and also the teaching certification program, the current COVID-19 situation, which will affect all institutions of higher education, makes prediction of program participation uncertain.

**6. Provide any additional comments, exceptions and explanations below:**

None.

## Review Current Year's Goal (2021-22)

**7. Is your program preparing teachers in instruction of limited English proficient students in 2021-22? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**8. Describe your goal.**

We hope to produce two new teachers of English as a Second Language in 2021-2022. Because of the pandemic we currently have no ESL Endorsement students enrolled for Fall 2021. However, we have had multiple inquiries and I am hopeful for a couple of new students by Fall 2022.

## Set Next Year's Goal (2022-23)

**9. Will your program prepare teachers in instruction of limited English proficient students in 2022-23? If no, leave the next question blank.**

- ☒ Yes  
☐ No

**10. Describe your goal.**

Our goal is three-fold: 1) Although we have had success recruiting graduate students from the state of Kentucky (and surrounding states) and internationally, we need and want to expand our program's recruitment efforts. We are seeking opportunities to partner with Fayette County Public Schools. 2) We need to hire a new TESL director in the academic year 2022-23. 3) In the wake of our pandemic woes, global insecurity and promising developments in online instruction, an in-depth review of program design and implementation is warranted. The in-coming director should be central to these efforts.

# Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(\\$205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

# Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period.  [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

THIS PAGE INCLUDES:

>> [Low-Performing](#)

## Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- ☒ Yes
- ☐ No

If yes, please specify the organization(s) that approved or accredited your program:

- ☒ State
- ☐ CAEP
- ☐ AAQEP
- ☒ Other specify:

The University of Kentucky EPP is accredited by NCATE and the KY EPSB.

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- ☐ Yes
- ☒ No

On this page, review the questions regarding your program's use of technology, and update as needed.

**Note:** This section is preloaded from the prior year’s IPRC.

THIS PAGE INCLUDES:

>> [Use of Technology](#)

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. [\(\\$205\(a\)\(1\)\(F\)\)](#)

Does your program prepare teachers to:

a. integrate technology effectively into curricula and instruction

☒ Yes

☐ No

b. use technology effectively to collect data to improve teaching and learning

☒ Yes

☐ No

c. use technology effectively to manage data to improve teaching and learning

☒ Yes

☐ No

d. use technology effectively to analyze data to improve teaching and learning

☒ Yes

☐ No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

1. All candidates complete at least one course that emphasizes the use of instructional technology as outlined above. For example, the course, EDC317 “Introduction to Instructional Media” provides candidates in a variety of programs with strategies and techniques they can use in their professional education courses. (for example: Blended Instruction, where part of the educational experience is delivered through online media; which requires both technical competence and also design fundamentals that are not typically covered in educational methods courses). Another example is EDS 514 “Instructional Technology in Special Education” This course provides candidates with An overview of ways technology can be used to facilitate the education of students with disabilities. Topics include personal computer operation, personal productivity tools, instructional software evaluation and integration into the curriculum, multimedia applications, telecommunications, and emerging technologies. 2. Teacher education candidates at the University of Kentucky are prepared to integrate technology into curricula and instruction and to use technology to collect, manage, and analyze data for the purpose of improving teaching and learning. 3. Many programs require all candidates to earn the Google Educator Level 1 Certification prior to completion of the program. The unit is exploring whether to make this a requirement for all initial preparation programs. 4. The EPP closely integrates use of the OTIS Online Portfolio Management System with all EPP programs. The OTIS system is the primary mechanism for verifying that candidates have met required standards. Through artifacts, reflections, observations, and records of participation in clinical experiences, candidates and faculty can ensure that candidates are able to integrate technology into the design and delivery of instruction, to use data in the design and assessment of instruction, and to follow the principles of universal design for learning. 5. The EPP Unit has made consistent strides towards integrating technology as a common focus across all initial preparation programs. This year a formal common Instruction Development Process Model was developed as an anchor

document for use in developing all kinds of assessments. The process model clearly specifies the components of systematic development of instruction, from diagnosis of individual differences and needs within content to be taught, design of instruction researching available methods for delivering the specified content and the delivery of instruction through long and short range plans and blocks. The integration of technology into all phases of instructional development is emphasized. 6. The EPP has developed a set of three required Unit Wide Assessments which must be completed by all initial preparation candidates. These unit wide assessments are built around the Kentucky Teacher Performance Standards and three focus areas, of which one is technology. Candidates “tag” artifacts as demonstrating use of technology. Candidate products, including the unit wide assessments are scored on the extent to which candidates have mastered the use of technology. 7. All initial preparation programs also include the development and delivery of a capstone project, which includes a complete instructional unit. Design and delivery of this project includes a pre/post assessment of student learning outcomes. Candidates integrate the use of technology into all aspects of this final capstone project, including the use of data for planning and assessing individualized learning experiences, following the principles of universal design.

THIS PAGE INCLUDES:

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.  
**(§205(a)(1)(G))**

**Note:** This section is preloaded from the prior year’s IPRC.

## Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

1. The Department of Early Childhood, Special Education and Rehabilitation Counseling is actively involved in the preparation of regular education candidates to work effectively with individuals with special needs and with other educators who work with these individuals. The department makes persistent efforts to work directly with educator preparation programs that train regular educators. 2. EDS 375 Introduction to Special Education, EDS 516 Behavior Management, and EDS 547 Collaboration and Inclusion are three courses that are taken by candidates across the unit. These courses provide regular education candidates an opportunity to learn and practice skills related to special education diagnostic categories, programming, service delivery models, career education, child advocacy, and litigation affecting public education for students with disabilities. Candidates learn to identify current practices of meeting the needs of exceptional learners, including evaluation, identification, placement issues, and teacher’s roles, and learn to identify primary characteristics of each category of disability and describe its impacts on learning. Both general education and special education students are enrolled in the courses so that they have opportunities to work together prior to beginning their teaching careers. 3. The department continues work in two areas of emphasis that reflect current realities in special needs populations; Autism Spectrum Disorders (ASD), and applied behavior analysis (ABA). Both areas respond to the needs of schools and communities. The Autism Center, which began seeing clients in the Fall of 2017, continues to involve EPP candidates in tools and techniques to address the needs of autistic students .A new Masters Degree in Applied Behavioral Analysis is now enrolling candidates. Faculty who teach the special needs courses for regular educators are deeply involved in the above two areas of emphasis. Candidates can learn from, and work with, special education faculty with strong research backgrounds in Autism and Applied Behavior Analysis.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

1. The Department of Early Childhood, Special Education, and Rehabilitation Counseling also encourages faculty in both Special Education and Regular Education to engage in activities that bring together candidates from Special Education and Regular Education to emulate the collaborative relationships that should characterize multidisciplinary teams. These simulations can occur within the context of coursework and as a part of cooperative activities between student professional organizations. 2. The department collaborates with general education program faculties to better meet the needs of both special education candidates and regular education candidates. Instead of taking a reading, writing, and mathematics methods course, special education students now take literacy, mathematics, science, and social studies methods courses. This aligns better with what special education teachers are expected to teach 3. During student teaching, the special education student teacher supervisors annually collaborate with regular education supervisors to ensure a more comprehensive experience of co-teaching between special education student teachers and regular education student teachers.

c. Effectively teach students who are limited English proficient.

An example of how general education candidates are prepared to work with English Language Learners comes from the Elementary Education Program. Other similar examples could be cited for other programs. Students enrolled in the Elementary Education Teacher Preparation Program are prepared for working with English Language Learners (or students who are Limited English Proficient) in multiple ways. First, Elementary Education candidates take two literacy related methods courses: EDC 329 – Teaching Reading and Language Arts, and EDC 339 – Designing a Reading and Language Arts Program for the Elementary School. In EDC 329, candidates focus on oral and written language development in a broader sense, and attention is given to how language develops in native and second languages. Candidates are also introduced to the WIDA standards (World-class Instructional Design and Assessment) in EDC 329. In EDC 339, studies go more in depth regarding how native and non-native English users develop multiple types of reading skills (phonemic awareness, phonics, fluency vocabulary, and various levels of comprehension). Attention is also devoted to

the role English figurative language plays in non-native English speakers' understanding of text. WIDA standards continue to be addressed in EDC 339. In fact, in EDC 339, candidates design interdisciplinary instructional units. One section of the unit planning deals specifically with differentiation and candidates must reference specific WIDA standards in appropriate ways for accommodating ELL students within this unit. Further, the lesson plan forms require elementary education candidates to specify accommodations for learners within the classroom where they are teaching. Within this region, most classrooms include students who are non-native English speakers. One of the most impactful ways in which elementary education candidates are educated to work with students who are English Language Learners is to place them in classrooms that contain such students. These placements give Elementary Education candidates firsthand experience in working with students who are native speakers of a language other than English. It also affords them the opportunity to observe ELL instructional strategies in practice – ones they have read and learned about in their literacy methods courses.

## 2. Does your program prepare special education teachers?

- ☒ Yes  
☐ No

If yes, provide a description of the activities that prepare *special education teachers* to:

### a. Teach students with disabilities effectively

1. The Department of Early Childhood, Special Education and Rehabilitation Counseling prepares special educators to provide services to individuals with special needs and also to educators who work with these individuals. 2. The department has initiated two areas of emphasis that reflect current realities in special needs populations; wide spectrum disorders (Autism), and applied behavior analysis. Both of these areas respond to the needs of schools and communities. The Autism Center, which began seeing clients in the Fall of 2017, continues to involve EPP candidates in tools and techniques to address the needs of autistic students. The new Masters Degree in Applied Behavioral Analysis is now enrolling candidates. Work in these areas has had a definite impact on the preparation of special educators at the initial level. 3. The College of Education has a Center for International School Partnerships which provides opportunities for special education candidates to have access both to opportunities to visit and participate in special education programs internationally, and to interact with special educators from other countries. These emphases in the special education EPPs provide candidates with a rich and diverse set of experiences to contextualize the nature of special needs beyond local schools and school districts.

### b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

1. The College of Education also encourages faculty in both Special Education and Regular Education to engage in activities that bring together candidates from Special Education and Regular Education to emulate the collaborative relationships that should characterize multi-disciplinary teams. These simulations can occur within the context of coursework and also as a part of cooperative activities between student professional organizations. 2. Each special education candidate completes a series of activities that comprise a comprehensive assessment to be used for IEP development. Specifically, information gathered from these assessment activities are used to identify strengths and weaknesses of their target student, as they compare to typically developing students of the same chronological age. The candidates complete: \* A record review \* A parent interview \* An academic assessment \* An ecological inventory \* A communication profile 3. Candidates complete assessments using direct observation, informal testing, and interviews. Candidates use information gathered from their assessments to write a present level of performance for their target student. The present level of performance includes ALL areas assessed and ALL areas on the IEP forms. Candidates use the present levels of performance to generate goals and objectives relevant to their P12 students.

### c. Effectively teach students who are limited English proficient.

1. The initial preparation program to prepare special education teachers is aligned with the CEC standards. All special education preparation courses, field experiences, and assessments are aligned to the standards. The CEC standards include direct attention to working with English language learners. Each candidate receives instruction towards becoming an effective special education teacher, and each candidate receives continual feedback through the review and assessment of artifacts uploaded to the UK OTIS online portfolio system. The OTIS system is used by all candidates and faculty to monitor each candidate's progress towards demonstrating mastery of the CEC standards.

# Contextual Information

On this page, review the contextual information about your program, and update as needed.

## Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

About the University of Kentucky Located in Lexington in the Bluegrass Region of the Commonwealth, the University of Kentucky (UK) is a public, land grant, doctoral-granting institution designated by the Carnegie Foundation as a Research University with very high research activity. In addition to the research designation, the institution has earned recognition from Carnegie for its curricular engagement and outreach and partnerships. In October 2015, the UK Board of Trustees met to consider and endorse the 2015-2020 Strategic Plan. It was a data-rich conversation about the multifaceted mission of the University. The dialogue underscored UK’s commitment to its objectives and action steps; the specific ways UK plans to measure progress; and the ambitious path UK plans to forge for the future. The board strongly endorsed five strategic objectives: • Undergraduate Student Success - To be the University of choice for aspiring undergraduate students, within the Commonwealth and beyond, seeking a transformational education that promotes self-discovery, experiential learning, and life-long achievement. • Graduate Education - Strengthen the quality and distinctiveness of our graduate programs to transform our students into accomplished scholars and professionals who contribute to the Commonwealth, the nation, and the world through their research and discovery, creative endeavors, teaching, and service. • Diversity and Inclusivity - Enhance the diversity and inclusivity of our University community through recruitment, promotion, and retention of an increasingly diverse population of faculty, administrators, staff, and students, and by implementing initiatives that provide rich diversity-related experiences for all, to help ensure their success in an interconnected world. • Research and Scholarship - Expand our scholarship, creative endeavors, and research across the full range of disciplines to focus on the most important challenges of the Commonwealth, our nation, and the world. • Community Engagement - Leverage leading-edge technology, scholarship, and research in innovative ways to advance the public good and to foster the development of citizen-scholars. The University of Kentucky Mission: The University of Kentucky is a public, land grant university dedicated to improving people's lives through excellence in education, research and creative work, service and health care. As Kentucky’s flagship institution, the University plays a critical leadership role by promoting diversity, inclusion, economic development and human well-being. The University of Kentucky: • Facilitates learning, informed by scholarship and research; • Expands knowledge through research, scholarship and creative activity; and • Serves a global community by disseminating, sharing and applying knowledge. The University contributes to the economic development and quality of life within Kentucky’s borders and beyond, nurturing a diverse community characterized by fairness and equal opportunity. The University of Kentucky Strategic Vision: As Kentucky’s indispensable institution, we transform the lives of our students and advance the Commonwealth we serve – and beyond – through our teaching and learning, diversity and inclusion, discovery, research and creativity, promotion of health, and deep community engagement. About the College of Education The University of Kentucky College of Education is committed to studying and helping to solve the most critical education and health challenges of our time. This requires us as a college to prepare the next generation of teachers, leaders and scholars to understand these issues. We have nearly 3,000 students in over 70 undergraduate and graduate programs in a wide range of fields, from teaching to rehabilitation counseling, from exercise science to sports leadership. Our graduates consistently receive top honors, and our students are taught by a breadth of experienced, well-respected, and highly-recognized faculty, who have backgrounds in a wide range of issues facing our society. UK College of Education graduates are highly regarded and enter fulfilling and impactful careers. Currently, graduates of the College work in all 50 states, the District of Columbia, and 40 countries. And while we reach far and wide, we are also committed to significantly impacting and improving the lives of Kentuckians as part of the Commonwealth’s flagship, land-grant university. We serve our communities through high-quality teaching, research, and engagement. We are very proud of our contributions to the Commonwealth of Kentucky. Our faculty and students are involved in more than \$20 million in active research that directly impacts the education and well-being of Kentuckians in all 120 counties, as well as many people throughout the world. Our Mission The College of Education endeavors to expand the knowledge of teaching and learning processes across a broad educational spectrum. The College fosters a culture of reflective practice and inquiry within a diverse community of students, faculty and staff. As part of a research-extensive university, the College advances knowledge through research. As part of a land grant institution, the College prepares professionals for a variety of roles in educational settings and community agencies and provides leadership in the improvement of the education, health, and well-being of citizens in the Commonwealth, the nation and the world.

## Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

# Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

## Certification of submission

☒ I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the *Higher Education Opportunity Act, Title II: Reporting Reference and User Manual*.

NAME OF RESPONSIBLE REPRESENTATIVE FOR TEACHER PREPARATION PROGRAM:

Christopher Reese

TITLE:

Assistant Director of the Office of Program Documentation, Accountability, and Compliance

## Certification of review of submission

☒ I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the *Higher Education Opportunity Act, Title II: Reporting Reference and User Manual*.

NAME OF REVIEWER:

Margaret Mohr-Schroeder

TITLE:

Senior Associate Dean of Academic Programs & Partnerships
